BUDGET MESSAGE

June 2, 2021

School Board Members
Rolla Public Schools
Rolla, MO 65401

Dear School Board Members:

Presented herein is the fiscal year 2021-2022 (FY22) budget for the Rolla Public Schools. The attached budget recommended for your consideration, revision and adoption represents the District's spending plan for the next fiscal year. The budget was developed with input from the staff, administration and the Board of Education. The budget presented supports the district's focus on students and their learning. The beliefs, missions and goals approved by the School Board provided the foundation for the recommendations contained within this annual financial plan. This budget is offered as the fiscal guide for your educational programs and is designed to meet the expectations of the Board of Education. The District, through the budget process, focuses its resources in the most efficient and effective manner to support its mission. The annual budget creates a detailed analysis of the District's revenues and expenses and allows the District to direct its financial resources in a manner that best supports student learning.

The State foundation formula (as defined in SB287) represents thirty-six percent of the District's funding for the operating and teachers funds. For FY22, the budget estimate for the State foundation formula was calculated using a State adequacy target (SAT) of \$6,375 with a weighted average daily attendance (WADA) estimate of 3,950.0606. Senate Bill 586, passed in the 2016 legislative session, reinstated a 5% annual cap for the SAT. The recalculated SAT for FY20 and FY21 is \$6,330. However, State law prohibits the SAT to decrease, therefore it will remain flat at \$6,375. The fiscal year 2021 State budget appropriates funds for the foundation formula at the SAT of \$6,375. The District is budgeting for a full SAT of \$6,375 per WADA however, since there are always unknowns within the State budget, a reduction factor of 2.5% has been calculated on the foundation formula revenues.

The District continues its commitment to maintaining a competitive compensation package for staff. Recruiting and retaining the best possible staff to provide instruction and support for students is of utmost importance, therefore in addition to operating the salary schedules, base salaries were increased by 2% for both certificated and support staff. Additionally, the FY22 budget contains a 5% increase for health insurance premiums.

In the past year, the District has identified needs in different areas resulting in the following new staff: one teacher each at Wyman Elementary (early childhood special education), Rolla Junior High (special education), Rolla High School (special education), & Rolla Technical Center (alternative program). The District also added five paraprofessionals at various buildings to address the increased special education needs of our students. In an effort to address the need for learning acceleration in reading, math and English language arts, five Title I classroom aides have been added. Those aides are fully funded by the Federal Title I grant. The District recruited a Speech Language Pathologist Assistant to take the place of contracted services. The District evaluates student enrollment and classroom sizes during the budget process and was able to identify one classroom aide position and one classroom teacher position that do not need to be filled for fiscal

In order to serve more early childhood students with special needs, an additional early childhood special education class will be added at Wyman Elementary. Due to this addition, one regular early childhood classroom will be moved to Mark Twain.

In fiscal year 2021, the District received approximately \$1,479,942 in COVID relief grant funds via the CARES Act stimulus package passed into law in March 2020. Two additional Federal stimulus packages have since passed into law: the Consolidated Appropriations Act (December 2020) and the American Rescue Plan (March 2021). The District is expecting approximately \$11 million in additional Federal funding within the next two years. At the time of this budget document, these funds have not yet been appropriated by the Missouri State legislature, nor have final grant allocations been received by the Department of Education, therefore they have not been included in the FY22 budget. District administration will continue to work closely with the Board of Education to determine the most effective way in which to expend the funds.

The District approved a new ten year facility plan in FY18. Several areas of need were identified: a new field house, a performing arts auditorium, additional classrooms and safety upgrades throughout the District. A \$25 million bond issue was placed on the April 2020 ballot. That election was postponed to June 2, 2020, due to the worldwide COVID-19 pandemic. The community approved the bond issue on June 2, 2020 and the District subsequently sold the bonds on September 25, 2020. The voter approved \$0.285 debt service tax levy increase will be reflected with the 2021 tax rate hearing documentation in August of 2021 and the corresponding revenue is included in this budget document. In addition to the \$25 million bond issue, the District has committed \$6 million of the Fund 4 (Capital Project fund) balance to the capital improvement projects approved by the community via the bond issue ballot.

The budgeted unrestricted fund balance is projected to be 23.92%. This level of reserves provides a solid financial foundation. We will continue to update and review projections for upcoming fiscal years. The School District must continue to be diligent to properly manage our resources. It is important to maintain the district in the most stable financial position while effectively using resources to provide a strong instructional program.

This budget reflects approximately six months work that has in some way involved the entire school district staff. Numerous secretaries, teachers, principals, directors, custodians, and central office staff have assisted in preparing information for this document. Additionally, the budget for 2021-22 reflects the priorities of the Rolla Public Schools as outlined in the Comprehensive School Improvement Plan adopted on May 15, 2014.

The budgetary goal is to maintain the district in the most stable financial position while effectively using resources to provide the strongest instructional program possible. We must continue to manage the tax dollars entrusted to the district by implementing purposeful, cost effective strategies. The School District has set high standards for students and staff and maintains quality educational programs and facilities for each student served. We have a community that is supportive of the School District and we appreciate the loyalty and support of our taxpayers. The Board of Education should be commended for their commitment to providing a quality school for the students and citizens of the district.

Sincerely,

Kindra K. Atkinson
Chief Financial Officer

THE EDUCATION PLAN AND DEFINITIONS OF TERMINOLOGY

CHAPTER I: THE EDUCATIONAL PLAN

This financing plan is written to be consistent with the laws of the State of Missouri, the regulations of the Missouri Department of Elementary and Secondary Education and the policies, rules and regulations of the Rolla 31 School District.

In order to carry out the philosophy of the school district, the following practices, procedures, and guidelines for operation have been included as an integral part of the total educational program of the school district.

I. SCHOOL DISTRICT ORGANIZATION AND STATISTICS

1. Students will attend classes 170 days in grades K-12. The length of contract for classroom teachers is 185 days. (The 2021-22 calendar appears as Appendix A.)
2. The organizational plan for the Rolla School District is PreK & Grades 1-3, Grades 4-6, Grades 7-8 and Grades 9-12.
3. Elementary schools, PreK-3, have a basic self-contained classroom organization, and kindergarten is offered as a full day program.
4. The Middle School includes grades four through six that are organized in teaching teams at each grade level in order to facilitate the transition from the elementary self-contained classroom to the secondary departmental organization. In grades four, five and six, classrooms are organized into a team teaching model. Teams consist of either two or three teachers, depending on student enrollment. The Middle School grades share an exploratory teaching team of four teachers. Students at all grade levels are organized in a heterogeneous manner for homeroom assignment.
5. The Junior High houses students in grades seven and eight. Students in each grade attend classes organized in a seven period day. Students take core classes in English Language Arts, Math, Social Studies, and Science along with required participation in Physical Education. Students are allowed to select from a variety of exploratory classes to complete the seven period schedule.
6. Instruction at Rolla High School is based on a departmental model. Department chairmen organize the curriculum for vertical articulation to assure a developmental process for delivery of instruction. There are more than 240 units of credit offered to students in grades nine through twelve in the Junior High School, High School, Rolla Technical Institute/Center. Rolla High School offers fourteen Advanced Placement courses; and has established dual credit opportunities with Drury University, Missouri S&T, Missouri Baptist University, East Central Community College, Missouri State University, and Ozarks Technical College. Rolla Technical Institute/Center and Rolla High School have established articulation agreements with East Central Community College, Drury University, Ozark Technical College, and Missouri State University – West Plains in specific programs.
7. A departmental chairperson is assigned in each subject area within the curriculum for grades 9-12. The chairperson is responsible for assisting the curriculum specialist in curriculum and for some administrative detail, primarily budgeting and inventory control.
8. Three curriculum specialists (elementary, middle level and high school) are assigned to develop curriculum, instruction and assessments in each core academic area of science, math communication arts and social studies. In addition, one curriculum specialist serves as the K-12 representative in the area of Fine Arts. The curriculum specialists work with secondary department chairpersons to deliver the curriculum to all teachers.

CHAPTER I: THE EDUCATIONAL PLAN

9. The district's extensive co-curricular program provides many opportunities for the physical, social, intellectual, and emotional growth of the students. These programs include music, athletics, speech/debate, dramatics, student government, and many special interest clubs. A \$50.00 participation fee is charged for student athletics and marching band members.
10. The school district provides a comprehensive program for students with special needs. This program includes Title I (remedial reading, remedial communication arts, and remedial mathematics classes), classes for the intellectually disabled (ID), instruction for speech defects, classes for the learning disabled (LD), classes for the emotionally disturbed (ED), instruction for English Language Learners (ELL), one Transition Coordinator at Rolla Technical Institute/Center, and early childhood special education (ECSE).
11. The district offers a comprehensive Career and Technical Education program that includes twenty program areas. The Rolla Technical Institute/Center provides a wide range of offerings for various Medical, Skilled Technical Science and STEM programs. Included in these programs is extensive adult education opportunities. Nine of our high school programs offer dual credit and several of our adult programs have articulation agreements with East Central College, Drury University, Missouri State University and Southwest Baptist University. Specific program agreements can result in students obtaining an Associates of Applied Science and/or credit towards the four-year degree.
12. Each school in the district provides programs, which supplement the described educational program. Included are health services, learning resource centers, and field trips, which are primarily funded by Champions of Rolla Education (CORE).
13. The district provides two alternative educational programs for traditional and non-traditional students with behavior, environmental, or social disabilities. The Rolla High School Learning Center, located at Rolla Technical Center, provides opportunities for students who need to recover high school credit. The Learning Center also offers the Options program. Options is a program for students that are behind their graduating cohort the opportunity to graduate with an RHS diploma by taking the HiSET Exam and completing personal finance and government. Finally, the Learning Center also provides an alternative suspension location (ASL). Students who have been suspended from school, and are not a threat to others, have the opportunity to serve their suspension and receive credit for attendance and work. This new program also provides opportunities for conflict resolution, career counseling and goal setting. The second alternative program is split between the Rolla Junior High School (serving students in grades 5-8) and Rolla Technical Center (serving students in grades 9-12) who are assigned to the program as result of serious disciplinary issues.

A. SCHOOL FOOD SERVICES

Included in the budget are funds to operate a hot lunch program for all of the schools. Food is prepared at each elementary school (some items are prepared at the high school and transported to the elementary schools) the middle school, junior high and senior high. A breakfast program is provided at the Wyman Elementary, Truman Elementary, Mark Twain Elementary, Rolla Middle School, Rolla Junior High and Rolla High School.

B. TRANSPORTATION

A fleet of buses is operated to provide safe, efficient and economical transportation for students to and from school and to provide transportation for co-curricular activities.

C. HEALTH SERVICES

A school nurse is assigned to each building to assist in addressing the emergency and health needs of the students.

- 14. Included in the budget are funds for in-service education programs for all employees.
- 15. This budget is based upon an estimated enrollment for 2021-22 of 4,079 students in grades Pre-K-12, 788 in the Rolla Technical Institute/Center (250 of whom are from “Sending Schools”), and 64 adult LPN, skilled technical science and surgical technician students. The adult education courses will vary in enrollment during the school year.
- 16. The schools within the district are as follows:

CHAPTER II: ACCOUNTING TERMINOLOGY

Missouri statutes are very specific in certain areas of school finance. These laws establish four funds which must be used in the accounting process, and place certain limits upon the use of revenue and expenditure transactions allowed in these funds. As a result, the utilization of available money is limited and the accounting process is similarly affected.

Chapter 165, RSMo, provides that all school monies must be accounted for within a framework of four funds:

- Teachers Fund
- Incidental Fund
- Capital Projects Fund
- Debt Service Fund

This budget is designed to conform to the format outlined in the Missouri Financial Accounting Manual. Each item is reported by Fund, Function, Object, and Building.

The code ranges of the basic system are as follows:

Fund	Function	Object	Location	Source	Project
10	1251	6411	4040	4	45100
XX	XXXX	XXXX	XXXX	X	XXXXXX

- A. **FUND** refers to the categories established by Missouri Statute and is the first two digits of an expenditure code.

10 INCIDENTAL FUND

This fund comprises the bulk, in terms of accounting entries, of school district receipts and disbursements. This fund accounts for expenditures for support staff employees, pupil transportation costs, operation of plant, food service program, and any expenditure not required or permitted to be account for in other funds.

20 SPECIAL REVENUE - TEACHER FUND

This sub-fund is defined by statute and must meet certain legal compliance tests. It contains amounts paid for certificated personnel salaries and benefits. It also contains tuition paid for handicapped students served in other schools.

30 DEBT SERVICE FUND

This fund accounts for the accumulation of resources for and the payment of principal, interest, and fiscal charges on general long-term debt.

40 CAPITAL PROJECTS FUND

This fund is used to account for all facility acquisition, construction, and all other capital outlay expenditures. Grant money for equipment is deposited directly into this fund. Funds donated from the community and DESE for the Rolla Technical Center deposited and expended from this fund. This fund accounts for the proceeds of long-term debt, taxes, and other revenues designated for acquisition or construction of major capital assets.

60 STUDENT ACTIVITY FUND

This fund is a sub category of the incidental fund and is used to track entries associated with student activities such as camps, clubs, etc.

CHAPTER II: ACCOUNTING TERMINOLOGY

- B. **FUNCTION** means the action or purpose for which a person or thing is used. It includes the activities, which are performed to accomplish the objectives of the organization. The activities of School system are classified into five broad functions.

1000 **INSTRUCTION**

This included the activities dealing directly with the teaching of pupils, and the interaction between teachers and pupils. Teaching may be provided in a classroom, in another location such as in a home or hospital, and other learning activities such as those involving co-curricular activities. Included here are the activities of aides or assistants of any type that assist in the instructional process.

2000 **SUPPORTING SERVICES**

Those services that provide administrative, technical (such as guidance and health), and logistical support to facilitate and enhance instruction. Supporting services exist as adjuncts for the fulfillment of the objectives of instruction, rather than as entities within themselves.

3000 **COMMUNITY SERVICE**

Those services that provide early childhood instruction to pupils in the district and activities that are not directly related to providing education for pupils in the district, such as services provided by the school for the community as a whole and some segment of the community.

4000 **FACILITIES ACQUISITION AND CONSTRUCTION SERVICES**

Activities concerned with the acquisition of the land and buildings; building repairs and maintenance; the construction of buildings; the purchase and installation of equipment; and site improvements.

5000 **DEBT SERVICE**

The servicing of the indebtedness of the local district is recorded here.

- C. **OBJECT** codes identify the sources of revenue and the service or commodity obtained for a specific expenditure.

I. REVENUE OBJECTS:

5100 **LOCAL SOURCES**

Revenues originating within the local school district.

5200 **COUNTY SOURCES**

County distributed receipts derived from countywide sources.

5300 **STATE SOURCES**

Revenues distributed to the district from state tax collections.

CHAPTER II: ACCOUNTING TERMINOLOGY

5400 FEDERAL SOURCES

All revenues received from federal appropriations, either directly or through state agencies.

5600 NON-REVENUE RECEIPTS

Income not derived from usual tax or other sources; includes bond sales, insurance proceeds and sale of property.

5800 RECEIPTS FROM OTHER DISTRICTS

Includes tuition or contracted services performed for other districts.

II. EXPENDITURE OBJECTS:

6100 SALARIES

Amounts paid to employees of the district who are considered to be in a position of a permanent nature or hired temporarily, including those substituting for those in permanent positions.

6200 EMPLOYEE BENEFITS

Amounts paid by the district in behalf of employees, over and above gross salaries. Such payments are fringe benefits, and while not paid directly to employees, nevertheless, are part of the cost of salaries and benefits.

6300 CONTRACTED SERVICES

Amounts paid for personal services rendered by personnel who are not on the payroll of the district and other services, which the district may purchase.

6400 SUPPLIES AND MATERIALS

Amounts paid for material items of an expendable nature that are consumed, worn out, or deteriorated in use, or items that lose their identity through fabrication into different or more complex substances.

6500 CAPITAL OUTLAY

Expenditures for the acquisition or improvement of fixed assets, e.g. buildings and equipment.

6600 OTHER OBJECTS

Amounts paid for goods and services not otherwise classified above.
